Emergency Advisory Council Meeting Minutes
January 14, 2025

In Attendance:

Call to Order

April called the meeting to order at 11:02 AM.

Item to Discuss:

Legal counsel presents at PYLUSD Board Meeting.

Dr. Fisher let us know that Dr. Abtin Khosarvi a voting member of the Advisory Council is currently in surgery and would like to make an absentee vote of Yes.

The Importance of this meeting is to advocate for our learners, sharing with our governance structure. Dr. Doug Fisher reviewed the agenda and having our attorney present is legally permissible and the acting superintendent and board should not treat us different than their peers. Dr. Beth Fisher presence should be allowed in closed session, this is not an unethical nor is illegal.

The pending litigation may mislead the public, our item should not be that long. It should provide legal statutes. We need to confirm that we get the same time allotted to present that Sukhi does.

We need to check with Greta to be there, if there is a mistake in Section D, they can request a revision, but they cannot shut us down

Parents and the community need to speak up. Greta needs to have equal time, as Sukhi.

Be Prepared for public comment to only have 1 minute.

Mrs Daetwailler can be there. Greta may not be able to be there due to the fire evacuation.

What is the ending litigation? Is it just a threat? What you can and cannot due? Can change any language, or label in different ways, but again can't shut down.

Is Fisher signing the contract for the legal counsel or is the Advisory council signing? If there are 60 of us can we out together the money?

From Learners to Leaders

Opening comments before closed sessions are limited to the items that are for closed session.
Will Sukhi try to discredit Fisher?

Greta will be available for Fisher

Carrie Buck is trying to scrutinize the Charters. Fox advocates for charters/districts.

There is a motion on the table for the Advisory council to pay Greta Proctor to speak on behalf of OCSCS Charter and Fisher put forth by April G. And a second by Mr. James Goodwin.

Ariana Drivdal brought up a concern about keeping Fisher out of signing it, Brianna Trump stated she could sign, April as the council president stated she could sign.

It is not stated that Greta charges by the tenth hour, and requires a \$5000 retainer. Is there someone who can come up with this one. Dr. Beth Fisher reached out to her father to see if he could help, it was asked if this would be a conflict of interest.

Dr. Olivia Young isn't board attorney. Board will side with what their attorney says, if approved we will retain all of ADA. Can they put limits on the ADA. Would we be having to go back every 5 years for this,

The longer game opportunities for ADA will be spelled for MOU.

The Autonomus structure give us more access to grant money.

Would we want to continue to pass up 2 grant cycles. 46 out of the 47 charters in Orange County current have autonomus structures.

We need to stand up and be equal, by bringing the attorney we will be on the same playing field.

Knowing the tactics doing everything behind closed doors how are you giving the community a change to say what they need to say.

A question was presented asking if an attorney be retained by the parents of OCSCS?

Voting on the motion, all were opposed, except Dr. Khosavari.
